Harvest

At the close of another year,
we gratefully pause to wish you
a warm and happy holiday season.

Peace

Wishing you
peace and joy
this holiday season.

Nostalgia

About this time each year, we sit back
and think about times that were,
times that are and times that will be.
Here's wishing warm days ahead
for you and yours this holiday season.

Queen Anne's lace

In the stillness of winter,
best wishes for warmth and
prosperity in the new year.

Evergreen

Winter's chill seems somehow distant
with friends and family nearby.
Here's wishing all the best
to you and yours this holiday season.
