

2014
Young Insurance Professional of the Year
and
Distinguished Service Award

The New Jersey Young Insurance Professionals (NJYIP) is pleased to recognize individuals who have made significant contributions to the association.

The Young Insurance Professional of the Year award recognizes an individual who has displayed superlative dedication to professionalism and service. Recipients must have shown – through program, community and organization participation – an unrivaled commitment to a successful career and service within the association and industry. Recipients must be current NJYIP members.

The Distinguished Service award recognizes an individual who has worked to further the goals and objectives of NJYIP. Through dedication and active participation, the recipient must have demonstrated a significant contribution to the future of our industry by helping to develop the leaders of tomorrow. Recipients need not be NJYIP members. The most important element is support of the young professionals’ cause within the industry today.

Winners will be honored in a special ceremony at the 2014 PIANJ/PIANY Joint Annual Conference in Atlantic City on June 9th and will be featured in PIA and YIP publications.
