This coverage is being offered to Independent Agents & Brokers, to enhance their Agents E&O professional liability insurance program. This brochure provides only a summary of the coverages available — no coverage is implied or intended by this brochure. In the event of a question of coverage, the policy contract and its term prevail.

Don't let  
a cyber breach  
take down the agency  
you've worked  
so hard  
to build up...

A vital part of your Agents'  
Errors & Omissions Program

# What would happen if your agency was hit by a cyber breach? Don't wait to find out.

*You've got a lot of information at risk:*

*E-mail addresses, Social Security*

*numbers, IRS tax ID and*

*Federal Employer Identification*

*numbers, drivers license and*

*credit card numbers, and more.*

*A cyber breach can cripple an*

*agency — and lead to regulatory*

*sanctions, civil litigation,*

*a damaged reputation,*

*lost customers and even*

*a loss of your livelihood.*

## ***What can you do to protect your agency?***

Utica National's new CYBERSURANCE™ endorsement is the answer, going to work for you before, during and after a cyber breach occurs. Available through Utica's Agents' Errors & Omissions program, it's a vital part of your agency's protection.

With our Cybersurance™, Utica partners with Identity Theft 911, a leading data breach consulting and management firm, to help you assess breach severity, assist with notifications and meet federal and state regulatory requirements, protect affected customers, employees and more.

## **THREE-IN-ONE PROTECTION**

With Cybersurance™, your agency receives three cyber-breach coverages in one endorsement:

**Security Breach Liability Coverage** – This covers your legal liability for damages resulting from the actual or alleged inability or failure of your technical or physical security measures to prevent unauthorized access to, or unauthorized use of, your computer system. *Claims example: A hacker uses your stolen or lost laptop to access another business's systems and shuts down their web pages.*

**Privacy Breach Liability Coverage** – This covers your actual or alleged legal liability for damages due to theft or loss of personally identifiable information or your negligent failure to comply with your company's privacy policy. *Claims example: Information from a stolen or lost laptop is used to create fraudulent credit card accounts.*

**Breach Notice Response Services Coverage** – This covers breach notice and forensic expenses, notice fulfillment services and credit monitoring services to comply with breach notice laws. *Claims example: A stolen or lost laptop contains client information. State regulations require you to notify all customers that their Personally Identifiable Information may be at risk.*

## **PREPARE. COMPLY. RESOLVE.**

The data breach services available through Identity Theft 911 cover preparedness, to compliance, to resolution – handling a multitude of aspects of a data breach, including:

- Incident response planning
- Regulatory compliance
- Damage assessment
- Mandatory breach notification
- Remediation and resolution services
- Computer forensics
- Crisis public relations
- Fraud/Public records monitoring services

## **PROTECT YOUR AGENCY'S ASSETS**

Utica National's Cybersurance™ is available for agencies insured through Utica's Agents' Errors & Omissions program with 25 employees or less. Choose between Legal Liability limits of \$50,000, \$100,000 or \$250,000.
