

Plan to attend

the 27th annual Diamond Club Reception

presented by
**Professional Insurance Agents of Connecticut Inc. and
Connecticut Young Insurance Professionals**

Wednesday, March 10, 2010
Officers' Club at the State Armory
5-7 p.m.

The Diamond Club Reception presents an excellent opportunity for you and other insurance professionals to meet with your legislators in an informal setting and discuss issues affecting you, your business and your clients. Lawmakers need to hear from their constituents; and we provide a forum for it to happen.

This year, a wide range of insurance-related issues is poised for consideration. Coastal homeowners underwriting, automobile coverage, workers' compensation and catastrophe concerns are all likely subjects of proposals. Please come share your thoughts on these and other issues with the policymakers in Hartford.

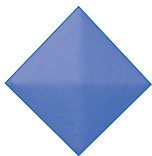

The reception is free of charge.
