

Plan to attend

the 29th annual Diamond Club Reception

presented by
**Professional Insurance Agents of Connecticut Inc. and
Connecticut Young Insurance Professionals**

Thursday, March 8, 2012

**Officers' Club at the State Armory
5-7 p.m.**

The Diamond Club Reception presents an excellent opportunity for you and other insurance professionals to meet with your legislators in an informal setting to discuss insurance-related issues affecting your business, your town and your clients. Lawmakers want to hear from their constituents, and this is an ideal forum for you to communicate your interests and the interests of your insureds.

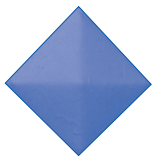

The ongoing issues surrounding Connecticut's efforts to implement federal health-care reform, as well as hurricane-and-windstorm deductible triggers, and coastal homeowners insurance are set to receive attention this legislative session. Please come and share your expertise on these and other issues with the policymakers in Hartford.

The reception is free of charge.

R.S.V.P. by March 2, 2012.
